

Distance Learning for MS Students 2020-2021 Plan:

Students will need to sign up for this plan per trimester. In order to sign up for Trimester 1 you must sign-up by August 5th and the cost will be the same as on-site learning. Students **may not** switch from Distance Learning back into on-site learning during the first trimester for any reason as we will be making classroom arrangements based on the number of students enrolled for on-site classes.

This distance learning model is very different from the model used when school was closed down in the Spring of 2019-2020 school year and will be different if school is closed again. This model will require much more structure and less schedule flexibility than the previous model.

- Students would follow the regular school day hours of 8:15-3:00pm.
- Students will link up digitally for morning prayer (8:15am) and end of the day prayer (M: 2:05pm and T-F: 2:50pm)
- Students would follow the regular class schedule and would link up digitally for each class (either with Zoom or Google Meets) and stay online until the teacher dismissed them
- Students would turn in class assignments and homework assignments following the same schedule as the students in the classroom
- Assignments, tests and projects will be the same for the digital learners and in school students
- Students would receive an NG (Non-Graded) for PE since linking in will not be possible
- Students will need to participate in all other specialist classes, including Mass
- If a student did not attend each class for the day, they would be considered absent and need to turn in the missing work within a reasonable time frame, just like the students in school
